Escapees Found In Bartlett

Sheriff Takes Convicted Duo To State Prison

Two Milam County jail escape artists are in the state penitentiary at Huntsville today after their capture Saturday in Bartlett.

Sheriff Carl Black captured escapees Clair Vernon Huddleston, 23, and Paul McKenzie, 29, following a tip from a Bartlett farmer that the pair was in downtown Bartlett Saturday morning.

An area-wide search had followed the pair after they broke out of the Milam County Jailhouse for the second time in the early hours March 8.

The duo was apprehended five days after their first escape January 23 by state highway patrol officers. A third man Edwin Holland, Bryan Negro, escaped with them in the first break-out, Sheriff Black said.

Plead Guilty

Huddleston and McKenzie entered a plea of guilty in District Court to burglary charges March 6 and were sentenced to five years each in the state penitentiary. They broke out March 8.

Sheriff Black and law enforcement officers in a wide Central Texas area searched for the escaped duo. The search narrowed to the Bartlett-Granger area late last week.

Sheriff Black said the duo will be brought back to Cameron to face further charges of burglarizing the Will Davis Store in Sharp and escaping confinement. Sheriff Black said the Davis store was robbed of four jackets, shoes and other clothing the night of March 11.

They are currently serving concurrent five and three-year terms, Black said.

Kirk Knight, a Bartlett area farmer, tipped off authorities that the two men were in Bartlett Saturday morning.

In Domino Parlor

McKenzie was arrested in a domino parlor while Huddleston was located in a barbership where he was getting his shoes shined. Both men had bought bus tickets earlier that morning, Black said.

Bartlett City Marshal G. W. Foster called Black, who went to Bartlett to make the arrests. He returned the convicted duo to Huntsville Saturday morning.

Other charges await the duo in Bell County where they will be charged with burglarizing a store in Troy.

The duo was convicted of burglarizing the C. E. Hendricks Machine Shop, Thorndale, taking about \$900 in tools. They had been awaiting trial on the Thorndale charges when they broke out the first time.

Sheriff Black gave Knight \$25 for tipping authorities on the identity of McKenzie and Huddleston.

HEADING FOR NEPAL — Rev. Gerald R. Cobb, minister of the Ben Arnold E&R Church, urges some sheep onto his special cattle plane to Nepal via New Delhi, India. Rev. Cobb and the plane load of sheep, cattle and other stock left New York's Idlewild Airport last week and landed in Katmandu, capital of Nepal, early this week. He is taking the load of cattle, paid for by his congregation, under a gift program sponsored by the Heifer Project, Inc. He will be flying around the world for the next six weeks. The picture was taken at Idlewild Airport.

Rev. Cobb, Cattle Make Flight To Katmandu, Nepalese Capital

The Rev. Gerald R. Cobb, Ben Arnold E&R Church minister, left New York's Idlewild Airport by special plane March 12 and is now in Katmandu, capital of the tiny nation of Nepal.

His cargo was cattle... 82 farm animals including 57 sheep, 20 calves and five small pigs... to be presented to the Nepalese government in behalf of the Heifer Project Inc., New Windsor, Md. an interfaith relief and rehabilitation organization.

His Ben Arnold congregation contributed most of the flock.

Rev. Cobb's fabulous flight to Nepal and on around the world will be traced in exclusive stories in The Herald, starting next week. He will be gone about eight weeks.

He is representing his church denomination in the presentation to the Nepal government.

Under ICA Plan
The stock will be used in an International Co-operation Administration agricultural development program in the Himalayan Kingdom.

The flying shepherd and the stock left New York International Airport on a KLM Royal Dutch Airlines transport. They made three night stops on the way to

Nepal. At New Delhi, India, they were transferred to two-motored Indian Airlines planes for the final flight to Katmandu.

The trip climaxes almost two months of anticipation. The flight was first set for mid-January, but delayed a number of times due to weather in the Far East.

Rev. Cobb will report his experiences through stories and pictures. He hopes to meet Pandit Nehru, Indian religious leader, and

a number of other celebrities.

He will return across the Middle East and through Europe to the United States.

It will be Rev. Cobb's second trip to the Indian world. He served with the Air Force in India during World War II. He speaks Hindi-stani fluently.

His tour will take him to capital cities in India, Pakistan, Lebanon, Palestine, Italy, Germany, Netherlands and England.

30 Cen - Tex Track Teams To Vie In Cameron Relays

Preliminaries Will Begin Saturday A. M.

About 30 track squads from Central Texas will vie for the team title Saturday during the annual Cameron Relays, one of the biggest track and field events in the state.

Track Coach Murphy Webster said that preliminaries will begin at 10:15 a.m. Saturday at Yoe Field, followed by final events at 7 that night.

Admissions of 25 cents for students and 50 cents for adults will be charged for the night-time finals.

Trophies will go to the winning school, mile relay champion and high-point individual winner, Webster said.

The meet will attract cinder starts from throughout Central Texas, Webster noted.

Cameron Host

The host Cameron thinclis will be in the running for titles in about all the events. Events will include the 120-yard high hurdles, 100, 220 and 440 yard dashes 130-yard low hurdles, half-mile and mile runs, 440-yard and mile relays and field events in high jump and shot put, broad jump and discus.

Supt. Wiley Loughmiller told The Herald that team athletes will eat lunch and supper in the Cameron School cafeterias.

He pointed out the meet will be held under rules set up by Texas High School Athletic Association.

The track at Yoe Field is rated one of the fastest in Central Texas, Coach Webster said. The Cameron Relays has grown to be one of the outstanding track events in school boy competition.

Team Entries

Teams from all classes of high schools will send teams. They will include: Thorndale, Rockdale West, Waco University High, McGregor, Giddings, Rosebud, Temple, Killeen, Brenham, LaVega, Hearne, La Grange, Bryan, Chilton, Groesbeck, Marlin, Belton, Hallettsville and others, Webster said.

Tracksters will be out to shatter as many records as were broken in 1956 when eight new marks were set.

Webster invited the general public to attend the event. He said outstanding trackmen from all over the state will perform.

TRUCK-CAR CRASH — An elderly Caldwell couple died in the wreckage shown above following a collision involving their car and a truck driven by a Roscoe man. Dead were Mr. and Mrs.

Walter J. Pattilo, Caldwell, state highway patrolmen said. The collision occurred Friday night on US 36 east of Cameron.

Color Contest Opens Today For Kids 4-8

Hey, kids, color the Easter bunny.

It's possible to win prizes during the big Easter Coloring Contest starting with this issue of The Herald. The contest is jointly sponsored by Caperton's 5 & 10, Duke & Ayres, Burke's Variety and Burris-Moseley, Inc., Cameron variety stores.

All you have to do is color the Easter illustration in the second section of The Herald and turn your entry in at any of the four sponsoring stores.

There is nothing to buy, sell or pay.

Four winners will be announced in The Herald and prizes may be picked up at the stores designated that week. The contest will run for three weeks with prizes being given each week.

Be sure and put your name, age and address on each entry. You can enter more than one copy of each week's illustration.

Council Hears Report In Short Meeting

The Cameron City Council heard a bi-weekly report from a Joe J. Rudy construction superintendent Tuesday night in one of the shortest council meetings in recent years.

Councilman also set up a water board meeting date in May and heard City Secretary Wayne Wieser report receipt of a \$891.25 check from a federal agency for half of the cost of the police radio.

Caldwell Couple Dies In Truck-Car Crash

Two residents of Caldwell died in a truck-car crash 8:55 p.m. Friday night five miles east of Cameron on SH 36.

Dead were Walter J. Pattilo, 72, and his wife, Mrs. Pattilo. The

couple was dead on arrival at a Cameron hospital, state highway patrol officials said.

Millard LeCroy, Roscoe, driver of the truck in collision with the Pattilo vehicle, suffered minor injuries, authorities said.

A one-car wreck occurred 12:45 a.m. Friday on SH 36, injuring a 49-year-old Houston woman and three others. Mildred Biggs, Houston was taken to Rockdale for treatment of a broken back.

Passengers injured in Biggs vehicle were Patsy Jack Parrish, 31, and her children, Danna Kay, 4, and Charles Eugene Pule 10. The youth was held in a Rockdale hospital for observation.

Highway patrolmen said the Caldwell couple was going east on SH 36 toward Caldwell while LeCroy's truck was going west.

The Biggs vehicle went out of control on a curve, over-turning after striking a tree, patrolmen said.

Mrs. Dees Suffers Critical Burns In Home Tuesday

Mrs. Seth Dees, 1608 N. Davis, today is in critical condition at St. Edward's Hospital after suffering third degree burns in her home Tuesday morning.

She was burned at about 8 a.m. Tuesday when her housecoat caught fire from flames in the open fireplace in the Dees livingroom.

Firemen and an ambulance rushed to the scene. Mrs. Dees was rushed to the hospital where officials say her condition is critical.

She is reported to have second and third degree burns over most of the body.

Alone in the house, Mrs. Dees ran into the yard and tried to extinguish the flames by rolling in the wet grass. It was raining Tuesday morning.

Neighbors called an ambulance. Blood from the Red Cross in Waco was rushed in Tuesday morning while donors were called on to stand by.

There was no damage to the interior of the house.

Mrs. Tindel Dies Sunday, Services Held In Rosebud

Services were held at 3 p.m. Monday for Mrs. Laura Peoples Tindel at the First Methodist Church in Rosebud.

The Rev. Ed Heacock officiated at the services assisted by The Rev. A. F. Russell. Burial was in Woodland Cemetery.

Mrs. Tindel died in Rosebud Sunday at 2:20 p.m. following a long illness.

She was born April 1, 1872, and has been a resident of Rosebud for 46 years. She was an active member of the First Methodist Church.

Mrs. Tindel is survived by a son, Clyde Tindel; six daughters, Mrs. Virgia Gardner of Fort Worth, Mrs. Ruby Williams of Waco, Mrs. Velma Ables, Bremond, Mrs. Annie Curtis of Cameron, Mrs. Jeff Graham of Cameron and Mrs. Jesse King of Rosebud. One daughter preceded her in death.

Other survivors are two sisters, Mrs. S. D. Rudder of Kerrville and Mrs. Riley Garrison of Hollis, Oklahoma, eleven grandchildren and twenty-two great-grandchildren.

Pall bearers were her grandsons, Earl Curtis Jack Curtis, Billy Ables, John Ed Williams, Bill George Williams and Luther Parks.

200 Dads-Daughters Attend GSA Dinner

About 200 Girl Scouts and their fathers enjoyed a barbecue dinner and variety show at the annual father-daughter banquet at Simon-George Hall Thursday.

Meat for the dinner was donated to the scouts by E. Vogelsang and was prepared by Dana Kestenbaum. A birthday cake in honor of one of the Girl Scout founders, Juliette Low, was donated by Mrs. Pete Mikula.

Narvie Caperton, Girl Scout Board member, introduced board members, Girl Scout leaders, and Miss Marie Meyer, representative from area headquarters in Austin, who praised local scouts and their leaders for the work done in Cameron and interest shown in

scout work.

Mrs. Anita Schofield directed a skit which starred Girl Scout fathers.

Vic Hannon presided as master of ceremonies for the show and Max McClaren, dressed as Liberace, was pianist. Clifford Marburger, Wayne Mann, Henry Siebman and F. E. Jackson formed one barber-shop quartet and Gus Evans, Frank Richter, E. L. Wied and Dana Monroe another.

Bill Burns and Vic Hannon did a comedy number dressed for the Easter parade.

Each Scout presented gifts to the Juliette Low fund to be used to train employees for girl scout work.

Mary Belle Batte Wins School Post

Miss Mary Belle Batte, Cameron, has been named superintendent of the Sharp board members voted in a meeting Friday.

Board members voted to reinstitute vocational agriculture and named Murris Cryer instructor of the course.

Winter Peas Used For Soil Improvement On M. Camp Farm

Murrel M. Camp, who farms about seven miles north of Thordale, planted approximately 150 acres of Austrian winter peas last fall for cover and soil improvement.

The peas, planted in beds, made an excellent growth. Soil Conservation sources say.

A method which Camp is using for disposing of the cover crop preparatory to planting is to chop up the cover crop with a disc harrow and plow out the middles without disturbing the bed. This method leaves the residue of the cover crop on the surface, does not disturb the bed, and expose the roots, containing the nitrogen fixing nodules.

Other benefits that a legume cover crop provides to the land is adding organic matter and humus, increasing water-holding capacity and improving soil tilth.

Farm Landlords Over 65 May Get Social Security

Farm landlords over the age of 65 have started filing claims for their social security benefits, according to Holly E. Rees, manager of the local social security district office. The number of such claims will reach a peak early in 1958, after farmers have filed their employed farmers beginning with 1957 tax returns, he declares.

The 1954 law which covered self-1955 did not provide coverage for any landlord receiving rental income from his farm land, according to Rees. This meant that many landlords whose sole business was farming and who actually took part in the farming operations were denied the protection of the Social Security Act. To remedy this, Congress in 1956 changed the law so that a landlord who by arrangement with the tenant or share-farmer takes part in producing a crop and whose activities significantly affect the amount of the crop, will have his net income from this activity credited to his social security account.

CA Advises Chemical Control Of Weeds

By J. D. Moore, County Agent

Chemical control of pasture weeds is fast, effective and often cheaper than mowing. This is a good practice if done right. It is a practice you should not do wrong.

One pint of 2,4-D plus 4 to 8 oz.

Expert Points Up Importance Of Garden Location

COLLEGE STATION—Gardeners, like actors, can waste a lot of time and energy on a poor plot . . . and the results will be equally disappointing, advises B. G. Hancock, extension horticulturist.

The ideal garden site would be a level, well-drained, sunny spot with deep, rich, friable sandy loam soil, free from rocks and debris. Most suburban gardeners don't have such a plot but Hancock offers suggestions on selecting the best site available.

Good drainage is a must. Vegetable plants will drown if allowed to stand too long in water or really wet soil. Too much moisture shuts out air from the plant roots and also the nutrients needed for healthy plant development. Presence of a green scum on the soil surface is one indication of excessive wetness.

Another important consideration in selecting the garden site is sunlight. Direct sunlight for at least six hours a day is a must for leafy crops like lettuce, collards, spinach, chard and kale. Others like tomatoes, eggplant, peppers and lima beans need even more sunlight, says Hancock. Trees in or around the garden plot can cause trouble by shading and their roots will compete with the vegetables for moisture and nutrients.

A location which can be irrigated is preferred. A source of water should be available that can be utilized by the use of garden hose or a few lengths of pipe. Summer droughts can cut garden production almost to the zero point if water is not available for irrigation.

Generally, Hancock says, a soil that is well drained and produces a rank, quick growth of weeds or grass can usually be developed into a good garden plot.

of liquid detergent or 1 lb. of dry detergent per 10-20 gallons of water per acre will give good control of seedling weeds.

Do not spray when: 1) Grasses have fewer than 4 leaves, 2) Temperature is above 90 or below 55 degrees F., or when there is a danger of drift to susceptible crops. This material should be applied in Milam county only when weeds are in the seedling stage and before cotton is up after planting.

The cost of chemical weed control runs about 90 cents per acre.

Chemical Weed Control In Lawns

Properly fertilizing, mowing and watering a well adapted lawn grass is the basic requirement for a weed-free lawn. Proper mowing will control most weeds in a well managed lawn.

Bur clover is the most common weed found in local lawns. There are three recommendations listed in order of their preference:

1. ENDOTHAL—Use 7 tablespoons per gallon of water with 1 teaspoon of liquid or 3 tablespoons of dry household detergent. Apply as a broadcast spray until leaves and stems of weeds are wet. Apply when weeds are small; if weeds are more than 3 inches high, mow closely and spray regrowth.

2. AMMONIUM NITRATE—Dissolve 1 pound of ammonium nitrate per gallon of water. Allow the solution to settle and strain it into a sprayer, if it is to be applied with a sprayer. Apply the solution broadcast at the rate of 4 gallons per 1000 square feet with a sprinkler can or sprayer.

Spot treatments should be avoided for the nitrogen will cause green spots in the lawn that are hard to eliminate. Mow the plants 3 or 4 days before application.

3. 2,4-D—Use 2 tablespoons of the amine form of 2,4-D per gallon of water with 1 teaspoon of liquid or 3 tablespoons of dry household detergent. Use only the amine form. Apply 2,4-D solution as a mop, never as a spray. Shrubs, flowers and trees can be severely damaged with 2,4-D.

A mop is easily made by tying a sponge or rag to a stick. Apply the material until the leaves are wet. Containers used to mix or carry 2,4-D solutions should not be used to apply other materials to flowers, shrubs or trees.

Sale Prices High At Cameron Market, Officials Announce

Auction sales at Cameron Livestock were among the strongest on record Thursday with 503 cattle going at good prices and demand, auction officials said.

Also sold were one sheep and six hogs. A total of 156 sellers sold to 65 buyers.

Officials said there was sufficient representation in most classes of cattle and calves to draw buyers.

Fed steers, yearlings, butcher cows and lower grades of slaughter calves were among stock going at prices 50 cents to \$1 higher than last week, officials noted.

mination of their cottonseed checked before planting is possible. Some seed are reported to test no higher than 40 to 50 percent. This means that farmers will have to plant more seed per acre to get the desired stand if the test is low.

A commercial concern in Waco is advertising a free germination seed test as a service to farmers. Local farmers could make their own test by placing a known number of their seed between wet burlap sacks and keep them in a warm room for 5 to 7 days. The percent of germination could be determined by counting the number of seed that form sprouts.

Fishing Should Be Good As State Hatcheries Stock Lakes, Streams

Fish hatcheries of Texas now are ready to provide as many fish as will be needed to stock the new lakes that have become filled with fall and winter rains.

There is a mistaken idea on the part of many people about these hatcheries. Because our hatcheries have done a great deal of stocking of some of our major lakes and streams in the past, there is a tendency on the part of many persons to think that this work is a continuing project.

This is not so. Today our fish-hatchery system works differently. There is a definite need for fish hatcheries in Texas. But except in unusual cases they do very little stocking of big lakes.

They have discovered that poor catches are, in many cases, the result of over-population of a lake. Restocking just adds to the seriousness of the situation.

On the other hand, Texas with its myriads of small lakes, created on farms and ranches and across dry creek beds, boasts numerous places for heavy hatchery production. Each time one of these small lakes is built, and fish are stocked, it provides fishing for a few more people.

These are private lakes, of course, but they furnish very fine fishing for those who are lucky enough to get permits to fish in them. In turn that takes the pressure off of public waters to a great degree.

Texas may be shy on public lands for hunting, but it certainly isn't shy on public waters for fishing. Except for far West Texas and the Panhandle there are fine lakes within a short drive for everyone. And Texans really are

using them, too. Ditto for the Gulf Coast.

It is interesting to note how some of the primitive methods that we use to catch fish eventually are improved upon . . . then placed on the counter to sell. For instance, we have, for a long time, been niggling up jigs on foot-long leaders to follow after deep running plugs.

Now comes Heddon with an improvement on the idea. It is the firetail sonic. It makes a noise the fish can hear, and has a tail section that glows. This is supposed to irritate the bass and if he hits a little short, he still gets hooked.

This firetail won't be a particular menace to the fish population . . . especially in Texas, because we have so many fish. By the time it gets to working good the fish will get smart and then someone else will come up with something new to lure the fish and fishermen.

Win a great new Studebaker SCOTSMAN

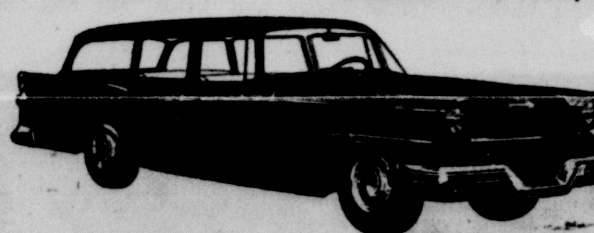

(AND WIN ONE FOR YOUR FAVORITE CHARITY OR ORGANIZATION, TOO)
OR ONE OF 21 ADDITIONAL PRIZES

Fleet of SCOTSMAN cars to be awarded in nationwide

SCOTSMAN Mile-A-Thon contest!

You can win a handsome, full-sized Studebaker Scotsman for your very own—and one for your favorite charity or organization. It's all part of the nationwide Scotsman Mile-A-Thon Contest, March 16 to April 12. And it's easy—just three simple answers may bring you home a winner. And look at the prizes:

1st Grand Prize 2 Scotsman Station Wagons
2nd Grand Prize 2 Scotsman 2-door Sedans
3rd Grand Prize 2 Scotsman 2-door Sedans
4th Grand Prize 2 Scotsman 1/2-ton Pickups

Winners get two cars: to make the contest even more inviting, each Grand Prize Winner will receive not just one, but two cars—one for yourself, one for your favorite charity or organization. And, if you've purchased a Studebaker or Packard during the contest, you'll receive your choice of the prize car or its retail delivered price in cash; your selected charity or organization will still receive the car.

All you do is estimate the highest miles per gallon figure attained by the Scotsman 2-door Sedans, and by the Scotsman Pickups, and then complete this sentence in 25 words or less—"Studebaker Scotsman passenger cars and pickup trucks are America's all-around economy vehicles because—"

To help you, a map shows the approximate routes of the two Scotsman Mile-A-Thon caravans.

Your official Scotsman Mile-A-Thon Contest entry blank, and a detailed set of contest rules, are

yours for the asking from your local Studebaker-Packard dealer or they are available by mail. He'll be glad to give you complete information about the Scotsman (a guest-drive, too) that will help you with your answer. No purchase required. Visit your dealer soon.

Here's how the SCOTSMAN Mile-A-Thon will run:

Two caravans, each consisting of a Scotsman 2-door Sedan and the all-new Scotsman 1/2-ton Pickup, will crisscross the country to form an "X" on the map. All you do is estimate the highest miles per gallon figure attained by both types of Scotsman vehicles participating, and complete the required 25-word statement. And, that's all you do! This contest is not open to any person residing in any locality where such contest is not permitted under applicable state or local regulations.

The Cotton Year...

Some interesting things are happening in the Texas world of cotton.

Texas cotton leaders are calling for the withdrawal of land from the 1958 soil bank so that some 2 million acres can be returned to production this summer.

And ASC officials have extended the time for withdrawal to March 28. They point out the requests to withdraw land from the soil bank must be in writing.

Two months ago there was a voluntary rush to ASC offices throughout the state and the cotton-growing South to bank land.

The race for soil bank money closed out the program in Milam County four days after it opened with about 21,000 acres set aside. If kept there, those acres would mean about \$758,000 in payments to the 732 farmers placing land in the bank.

The trend was general. Many of Texas' cotton growers put allotted land away that had never done so before.

Even with one-third of its cotton allotment in the soil bank, Milam County could probably produce a good crop this year, compared to previous years during drought and overflows.

The outlook for cotton in Texas should be excellent, cotton leaders say. They point out that a shortage of cotton last year would create a greater demand for cotton this year. They also point out the dangers to a number of other allied businesses with general cutback in production.

If the experts are right, it should be a good year for cotton. And if cotton growers could materialize a greater faith in the growth and market possibilities in 1958, they could increase the production of a product that is apparently less abundant than in past years.

We are not cotton farmers. But we would urge farmers who have land in the soil bank to consider putting some of it back into production. We would invite you to check the cotton market and possibilities of growing cotton in 1958. The weather and market indicate a good year ahead.

Boosting Economic Sag

Dear editor:
Generally I'm so busy worrying over whether my own finances are in good or bad shape I don't have time to find out whether the rest of the country is prosperous or depressed. I learned long ago a man could be over-drawn at the bank even at the very peak of the biggest prosperity boom in the history of the nation, but when everybody keeps hammering away at the idea that a recession has indeed turned up, at least in lots of places over the country, I'm not one to argue about it. Recession doesn't scare me. I've had 'em for years.

However what interests me is the solutions being offered to cure the thing, all the way from raising the price of farm products to cutting the income tax rate, although the best one I've read so far came from a top expert in Washington.

According to him, "What the economy needs at this time is primarily more spending by individuals and business."

That's more to my taste. This old idea that you whip hard times by pulling in your belt never did appeal to me, it's like arguing you ought to walk until you can pay cash for a car, it's an attack on the down-payment system, it's an attack against the credit system, and without borrowed money most people would never drive a car and most nations would never launch a satellite. This may not make sense to some people, but you've

got to remember some people don't make sense to me.
But back to the idea that the way to whip the recession is for you and me to spend more. I was discussing this with a neighbor and he said it won't work, the reason we're in the shape we're in now, if we are in such a shape, which I'm not sure of, is because people have been spending more than they make.

I'm not saying he's right or wrong. I'm as capable of a politician's viewpoint as the next man, but the world never makes any progress without experimenting, and I'd like for you to get in touch with Washington and inform the experts I'm willing to give this new idea a trial. I'm not afraid of the nine-year experiment.

If Washington will send me the money, I'll roll up my sleeves and test this theory out. I'll do my part, I'll guarantee to spend every nickel they send me, but I want it understood that an economic experiment of this magnitude takes time and Washington needn't be expecting to get complete results in a few short weeks. You don't wipe out a recession a thousand miles from my farm with one spending spree, you've got to chip away at it steadily, month after month. If Washington will start the checks, I'll prop up my mail box out here and get ready to go into action. I won't guarantee it'll work, but here's one job I won't loaf on.

Yours faithfully,
J. A.

Taxes, Recession Key Government News

By Vern Sanford

Texas Press Association

AUSTIN—Two supercharged issues... taxation and recession... like two strands of a high-voltage electric fence, seem to be twined through every area of Texas government.

Recession, though considered mild and temporary, is here and now. New taxation, in the light of official estimates, will be practically unavoidable next year.

Even though the recession is labeled 'minor' and new state taxes the inevitable result of explosive growth, having both issues come up at the same time makes each seem worse. New tax talk, never popular, is even less so with people feeling the chill wind of a cut in income.

Barring an unexpectedly swift upturn in the economy, the twin issues will break through the middle of next summer's political campaigns. It'll be particularly rough campaigning for those who have to get on one side or the other of the taxation fence.

Some legislative candidates are already being asked, "If there has to be a new tax, what kind will you vote for?" Some say they haven't decided what they'd vote for, but will say what they'd vote against. Others say they're making no decision until after the State Tax Study Commission completes its reports.

Lower, But Growing

Latest report by the Tax Study Commission shows some of the possible directions in which Texas may have to move to get additional tax money.

It notes that: Besides Texas only two other states are without either a general sales tax, personal income tax or corporate income tax.

Texas in 1956 paid local state and local taxes than the average for other states... \$129.50 per capita for Texas compared with \$157.50 per capita national average.

Rate of tax increase for Texas has been much faster than U. S. average. Texas rate of increase from 1953-56 was 23.4 per cent; national average, 19.4 per cent.

Commission's next report will deal with future spending needs, says Sen. William S. Fly, chairman.

Unemployment Up Again

Texas Employment Commission reports claims for unemployment compensation at a new high.

There had been a slight drop for the previous week. But latest

weekly tabulations showed TEC paid out \$1,435,448, compared to \$696,464 for the same week a year ago. Number of persons filing claims was 82,576, almost double the 42,705 who filed a year ago.

Even so, most recent nationwide figures show Texas to be a highly favored area. Labor Department's Bureau of Employment Security says that Texas has the lowest rate of unemployment of insured workers of any state in the nation... 3.5 per cent here compared to 7.5 per cent nationally.

On Plus Side

Other business barometers tend to bolster the view that Texas' economy is weathering the squally weather well.

First 1958 reports from the Bureau of Business Research on overall business activity showed the January index up eight per cent from December, one per cent from January, 1957.

Texas Banking Commission's spring call for condition of Texas banks brought reports of hefty increases in money on deposit. Some cities showed drops in bank deposits, but in general they were up with some cities setting records or near records.

BBR's report notes that "although evidence of recession is plain, the strength of the state's economy is shown by its stubborn resistance to further decline."

A small increase in building activity in early 1958 may be the forerunner of a general revival of the home building industry this year, says BBR.

On the state's No. 1 economic headache... sagging oil production... a BBR spokesman says competition of cheap foreign oil could "flatten out" Texas' growth curve. Suggested antidote: bring in other industries with strong growth potential to "fill in the gap."

FOUNDATIONS

You have to go down if you want to go up! That sounds like foolishness, but it isn't.

If you plan to build a garage, you don't need to dig very much before you lay the foundation. But if you plan to rival a modern skyscraper, you must start deep below the earth's surface.

Foundations of great buildings must go down until they rest on bed rock. Not until then is it safe to start going up. So the next time you look up at a building which rises far above you, don't forget the foundation that makes it possible.

Our lives need such foundations, too. In the building of our lives, and those of our children, we are too often governed by what other people think or by our temporary wants and desires.

But when life's storms come and its testing moments are upon us, it is the foundation that keeps us secure, or the lack of it that permits collapse. Only a life foundation that rests solidly upon faith in the eternal God is really adequate for the kind of character building we must do if we want our lives to be happy and successful.

You've got to go as deep as that, if you want to go up.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

V8,* the tremendous flexibility of
the new Turboglide transmission,*
the incredible smoothness of Full
Coil suspension, we tackled the most
challenging transcontinental road in
the world — the 1,000-mile General

harder, the Automobile Club of
Argentina sealed the hood shut at
Buenos Aires — no chance to add
oil or water or adjust carburetors
for high altitude.
So the run began — across the
blazing Argentine pampas, into the
ramparts of the forbidding Andes.
Up and up the road climbed, almost
2½ miles in the sky! Drivers
gasped for oxygen at 12,572 feet —
but the Turbo-Thrust V8 never
slackened its torrent of power, the
Full Coil springs smothered every
bump, the Turboglide transmission
made play of grades up to 30
percent. Then a plunge to the
Pacific at Valparaiso, Chile, a
quick turn-around and back again.
Time for the round trip: 41 hours

DODSON GARAGE — Owner Eddie Dodson and associate Cozine Sheffield stand beside Dodson's Garage, 107 N. Crockett, Cameron. Dodson and Sheffield offer almost two lifetimes of auto repair experience at the Cameron gen-

eral auto repair shop. Dodson says that preventive maintenance during the year will save motorists money. He invites motorists to drive in for a spring tune-up and check this week.

Preventive Maintenance Key To Car's Life, Dodson Says

Preventive maintenance is the most important thing for the life of a car, Eddie Dodson, veteran mechanic-owner of Dodson's Garage, 107 N. Crockett, points out to customers.

A veteran mechanic with a lifetime of experience behind him, Dodson says his garage offers the complete tune-up and check-up service that makes driving a pleasure.

He points out that the spring season should mean check up time for Milam County drivers who want to be ready for warmer driving temperatures and different road conditions for the car.

"We can do all general auto repair on all makes of cars," Dodson says. "We specialize in wheel balancing and offer a fine brake repair and wheel alignment service."

Spring Tune-Up

It's time to get that spring tune-up, Dodson emphasizes. Dodson and his associate, Cozine Sheffield, an ace mechanic of 20 years experience, check the general condition of a car before they tackle the specific problems at hand.

"That way," Dodson continues, "we don't overlook something else that the motorist might overlook."

"And we offer pick up and deli-

very service for city customers and prompt service for all customers whose cars go through my shop," Dodson goes on.

Dodson sells Westric batteries for trucks, cars, and tractors as well as offering a battery charging service. And he has a good stock of standard name-brand auto parts on hand.

Dodson's summer business hours are from 7 a.m. to 6 p.m.

Sheffield, a native countian, is a general repair expert with 20 years of varied experience, including work on naval motors, power plants and diesel engineering school. He also has experience in large car dealers service departments.

Veteran Mechanic

Dodson is a lifetime veteran of auto mechanics. Born in Ben Arnold, he has attended practically every type of auto school and worked as an airplane mechanic for four years during World War II. Included in his long experience and schooling is training in personal management.

He and Mrs. Dodson live at 211 E. 18th St. They have two sons, Glen, who is a radio announcer-engineer at Cleveland, Texas.

Dodson has been at the present location for 11 years. His gar-

age is roomy and has three entrances for easy access to the premises. Spacious parking room all around his building make the garage one of the most convenient garage locations in Cameron.

Inside he boasts of one of the cleanest shops anywhere. He and Sheffield strive to keep the customer's autos clean while working

New Cameron Boosts Top Drug Service

The New Cameron Drug Store, Cameron's Rexall center, features an up-to-date prescription center under the direction of Owner Earl Curtis, graduate pharmacist.

"We maintain a fresh supply of anti-biotics and drugs as complete as we can make it," he points out.

Prescriptions can be filled any time during daytime hours from 8 to 6:30 p.m. Monday through Saturday.

Curtis, a graduate of the School of Pharmacy, University of Texas, has received national awards for merchandising and pharmaceutical work from Rexall Drug Co., drug distributors.

They include a plaque for outstanding merchandising in drugs and a copy of an ancient mortar and pestle of the early 15th century.

Direct Lines

New Cameron's prescription service includes direct lines to doctors' offices for fast, efficient prescription service when time is of the utmost importance.

"We continue to study all the new developments in the drug field to keep up with expanding needs served by pharmacy," Curtis says.

His store also features a wide line of cosmetics including Revlon, Dorothy Gray and Cara Nome. Mrs. W. O. Rinn is New Cameron's cosmetician experienced in advising women on cosmetic hints.

Other Workers

C. E. Curtis, Earl's father, and Mrs. Earl Curtis assist in providing a well-rounded drug and notions business.

Fountain service is another feature of New Cameron Drug where sandwiches, soup, ice cream and other sundraes are served during daytime hours.

"We strive to provide the most reliable, efficient pharmacy and prescription department that modern science can create," he emphasizes.

on them. "No grease on the upholstery is our motto," Dodson says.

"We want to give a man a satisfactory job for a fair price. Try us. We think you'll find Dodson Garage a good place for excellent auto repair and tune-up," Dodson concludes.

CUTE CAPER

The latest entry in the "clothes horse" race made its debut with the introduction of the "convertible" look. Created by Elizabeth Roth, head designer at Kabro, the new fashion modifies the "sack" look along health principles. The "convertible" look has the lines of the "sack", yet silhouettes the female figure.

March Winds Blow, But Spring Is Here

March winds may blow but the fashion-minded know that spring is here (officially tomorrow, March 21).

And with spring comes Easter and the sparkling fashion styles for milady.... exciting turns of fashion in shoes, hats, dresses and suits. Mother and daughter are looking for the styles they want... for Easter.

Dad and Junior too are not forgotten in new spring jackets and suits and slacks in the lighter, brighter fabrics.

These styles are available now in Cameron stores and shops. Cameron and Milam County shoppers will find a wide selection of fabrics, styles and colors in a range of prices to make a new Easter outfit within everyone's reach.

You are invited to check the lovely spring styles in Cameron stores, ranging from the new chemise to traditional shirtwaists and

two-piece dress combinations.

Don't overlook that new Easter bonnet buy at many Cameron stores. You will find pillboxes, sailors, wide brims and the high crown styles new this year.

Shoes too, sporting the new pointed toe, are available in a variety of exciting styles in Cameron stores. And purses to match or complement the shoe selection are a fashion must.

But don't forget the young miss and mister for that Easter outfit. Clever styles for Miss Sub-teen or Teen-ager are on hand for a stylish Easter debut.

Men's fashions too are important at Easter and spring. A new hat, shirt or tie will make Dad as sporty as the rest of the family. He deserves more than just the bills at the end of the month.

Fashion really turns on the pivot of Spring. Styles are abundant and fairly priced too in Cameron.

Something bright,

Something new For...

1958

It's a season full of excitement, with more fresh style trends than you've seen in many a day. First of all, fashions for mom and sis... and for Dad and Junior! Spring means something new in nature and your wardrobe too. So brighten up with spring for a wonderful Easter Parade.

Mix, Match With Exciting New Colors

Whether it be chemise or shirt-waist colors are new and important this season, and in colors two wrongs never make a right.

Guides to shades of spring 1958. Navy blue will be bright this year and will look good with red and white or shiny black patent leather. String, a new shade of neutral with a little more color than beige, looks best with red. Sand ranges in color from goldenbeige to deep tan. Looks best when worn with accessories in several sand shades. Orange is the big color news and is richest with yellow, beige or coral accessories. Green is making a fashion come-back and is being shown with black and white and shades of navy to bright blue. Red is fun to wear but takes special care in choosing accessories. Black patent leather or shades of string are suggested with bright lipstick.

Keep your color chart in mind while shopping and you will be happier with the all-over effect of your costume.

Cotton Program Slated Tonight By Farm Bureau

Milam County Farm Bureau will hold its regular monthly membership meeting tonight at 7:30 p.m. in the Agriculture Building at Yoe High School.

A cotton team from Texas A&M College will present the program. The team is composed of Fred C. Elliott, Cotton Work Specialist, Dr. F. M. Fuller, J. R. Jones and John Box, Extension Agronomist.

A film will be shown and a lecture presented on the proper fertilizer planting, cultivating and harvesting of cotton.

O. G. Tumlinson, County Farm Bureau President, has invited all countians interested in cotton to attend this meeting.

Refreshments will be served following the program.

A Main Dish Delight

Egg, Noodle Treat Is Lenten Meal Favorite With Mrs. Pete Mikula

Mrs. Pete Mikula suggests Egg and Noodle Treat for a Lenten meal main dish.

Egg and Noodle Treat
6 hard cooked eggs
1 tablespoon chopped parsley
1 teaspoon minced onion
1-3 cup mayonnaise
5 tablespoons butter or margarine
3 tablespoons flour
2 cups milk
salt and pepper
1/4 pound package processed cheese, sliced
1 (8 ounce) package egg noodles, cooked and drained
soft bread crumbs

Cut eggs in half lengthwise. Remove yolks, mash and combine with parsley, onion and mayonnaise or salad dressing. Fill whites.

Make cream sauce with butter or margarine, flour, milk and seasoning. Add cheese and stir until it is melted.

Arrange stuffed eggs on top, cover with the remaining sauce. Garnish with crumbs. Bake in a moderate oven (350 degrees) 20 minutes, or until crumbs are brown. Makes six servings.

Mrs. Mikula stated that leftover fish or seafood added to Egg and Noodle Treat makes a delicious variety. She serves this main dish with a vegetable and tossed salad.

The Mikulas have three children: Catherine 15, Michael 13, and Monica 10. Mrs. Pete Mikula, Sr. also makes her home with them.

LaGrange Man Snags

Record Black Bass

At Alcoa Lake

O. E. Shafer of LaGrange hauled in the biggest bass yet taken from Alcoa Lake near Rockdale last week. The large mouth black weighed six pounds twelve ounces.

Shafer was fishing with his wife last Thursday when he made the catch. He took the big one on a black Heddon chugger in about three feet of water.

During the same outing, Shafer and his wife caught two other blacks weighing more than five pounds, two others near four pounds, and one weighing two and one-half pounds.

The previous biggest bass taken from the lake was a six pound nine ounce black hooked about a year ago.

Shafer missed a \$35 cash prize by just four ounces when he hauled in his catch. That amount awaits the first fisherman to haul in a seven pounder.

Judging Teams Win Honors At San Marcos Meet

Three judging teams of the Buckholts FFA chapter participated in the annual Invitational Judging contest held at San Marcos Saturday.

The Poultry Judging team placed fourth out of 69 teams participating. Local team members were Kenneth Janicek, who was fourth high individual out of 207 contestants, Barton Lynn Fuchs and Sammy Skhrak.

The Livestock Judging team placed sixth out of 61 teams. Team members were Carrol Wayne Glaser, 6th high individual out of 183 contestants, Curtis Ray Fuchs and Carrol Gene Fuchs.

The dairy judging team competed against 59 teams. Team members will qualify for state competition at Texas A&M College April 12. Eighty-three chapters will compete.

The top ten percent of these teams will qualify for state competition honors which will be held May 3. The top team in the state competition will represent Texas in contests held in October at the annual FFA national convention in Kansas City, Missouri.

Silky Shirtwaists

Perfect For Spring

The shirtwaist dress has come out strongly in silky fabrics and with enough versatility to make it high fashion wearing for any hour.

Evening time, as an example, brings out the shirtwaist with the silky-chiffon approach and even bares the back.

Belts and brass buttons also hold a focal point of interest and there is a big thing being done with puffed, bloused and capelet sleeves.

Buckholts FFA To Demonstrate New Spray-Dip

Buckholts FFA Chapters newly acquired Spray-dip machine is scheduled to be delivered Monday according to C. Tittsworth, Buckholts vocational agriculture instructor.

A demonstration of this machine will be conducted at the Joe Glaser farm Monday afternoon from 2:30 until 7 p.m.

Tittsworth announced that the Spray-dip will be used as a community service and a chapter fund raising activity. It will give employment to the students and aid cattlemen in efficient parasite control.

The Spray-dip is portable and can treat up to 180 animals in an hour. Tittsworth stated that it was built to handle any breed of cattle and gives complete control of any cattle parasite. He added that there is no danger of any injury or drowning to the animal.

Mother-Daughter Look-Alikes Are Fashion Wise

Like mother, like daughter, the old saying goes, and it was never truer than now, in the fashion story this spring.

Stylish and fabrics are so often identical, but colors are "shocking."

Yes, that's what the new hues are called "shock colors."

Look for deep vibrant orange ice. It leads the color parade. Also important are yellows, bright as the sun, or tangy as a lemon, daringly bold pink, and greens plucked from lush meadows or towering tropical forests.

In styling, all little girls want to look exactly like Mommy, so there are chemises galore; semi-fitted

coats, blouses or gently belted suits; middie dresses; dresses with pleated skirts, or boasting a drawstring waist.

These include many new miracle blends that can be fearlessly thrown into the washing machine, or quickly washed by hand.

Whatever she looks for in spring fashion, mother will find that daughter will be a happy gaily dressed miniature of herself!

Rev. and Mrs. A. W. McCullin, Jr., and their son, Al, of Carthage, visited in the home of his parents, the A. W. McCullins, recently. Rev. McCullin is minister to three Methodist churches in the Carthage Circuit.

Printed cotton pique is used in this smart ensemble from Paris. Dress and jacket are by Germaine and Jane.

Fashion Prints Feature Roses

Running the gamut from tiny buds to big, splashy blooms, fashion-favored prints feature roses in every size, shape and shade of red or pink!

The newly-favored print dress, solid coat costume is beautifully coordinated with the coat lining and dress tailored of the same gay rose print.

Accessories are also a-bloom, with roses, roses, and more roses appearing on belts and cummerbunds to contrast with solid skirts; on chiffon scarves to twist at neck or waist, and as dainty embroidery motifs on gloves and hankies.

Even rainwear takes on a frivolous look, despite its practicality, with matching raincoat and umbrella both adorned with spring and fashion's favorite roses!

Try Mirror Test For New Spring Fashions

Americans in the fashion field warn women to let their mirror be their guide in picking their spring ensemble. The chemise is going to play a prominent role in fashions this spring, but it is not the answer for every woman, and therefore will not be the only style shown. They suggest that you try the chemise, it might be the perfect line for you. But remember, if it doesn't pass the mirror test try one of the softer, fitted styles that are being shown this year.

Sunny Cosmetics For Spring Citrus Colors

Fashion experts agree that hats in citrus colors will be important this spring.

In cosmetics, the citrus colored hat requires a sunny, warm-toned make-up. Orange-toned lipstick and rouge, plus golden beige powder and foundation, are the color clues to flattery when you wear the sun kissed new hats in citrus tones.

Weekend visitors in the home of Mrs. W. F. Brooks were Mrs. Bennie Flemming and children, Bonnie, Royann and Glenn of Houston.

Fresh Colors, Texture Spark Spring Fabrics

Whenever a fashion season puts particular emphasis on fresh, brilliant color, the fabric artists, too, dip into their palettes to shape and drape the styles of the day.

Again this season, fabric is keyed to the fluid, easy lines of the season's relaxed silhouettes. Fabrics are the lightest ever, the breeziest, most elegant and flatteringly! Needless to say, they flaunt their color fancies with the gayest abandon.

Sharkskin For Sun Days

White sharkskin, a favorite fabric of the Thirties, staged its comeback last year and is assured star-billing for 1958! Crisp as before, sharkskin now holds its shape "tenaciously," particularly in pleated styles, thanks to the miracle fibers.

Sharkskin appears in smart suits... in blazer-topped skirt duos... in cool spectator dresses... in tennis outfits, play suits, sun suits and swim suits... in elegance for after-five and in every conceivable fashion trend.

Silk Sets The Scene

The fabric that lends itself so perfectly to spring and summer's soft fashion feeling is silk. And,

when rich silks abandon themselves to imaginative patterns prints and color... it is fashion at its best.

Silk crepes, shantung, taffeta, warp prints, dupioni, surah, silk linens, slubbed silks, and silk broadcloths are the "lightest of heavyweights in the silk family."

For the sheerest delights in silk, there are filmy organzas, chiffons, georgettes, mousseline and marquisette... all of them pointing up the loveliest silk season of all!

Cotton Beautiful

When it comes to cottons, what wonderfully-exciting fabric witchery shapes the many cotton fashions.

Cottons are polished as in satens; crisp as in broadcloth pique, cotton cords and madras; supple as in chambray, combed cotton and knits; sheer delights in powder puff muslin, organdy and batiste.

Cottons shape up playwear and at-ease wearables in crisp twills and duck; poplin, denim and like-linens; a sailcloth and cotton homespun.

Specially-processed to resist shrinking and creasing... often so easily washable that you just dip and dry them, cottons continue to blend wisely, miraculously with dacron, with rayon fibers, acetate or orlon.

Contemporary Jerseys

Jersey... in handsome cottons and the most elegant wool versions... looms importantly on the spring scene.

In suits and coats, in whispery weights for dresses, and best of all... in the most vibrant colors, jersey is important in the spring picture.

Blouse Designers Cheer New Look As Great Change

The National Association of Blouse Manufacturers announce that the chemise is the greatest silhouette change in a decade for blouse fashions.

There are variations of the over blouse for spring. The blouseon look, modified to new slim proportions, is gently controlled by a band or drawstring at the waist or hipline.

Highlights of styling include the wide-away neckline, slotted vents, ruffled necklines and cuffs, lace

Cotton jersey shapes up handsome cardiga noppers, overblouses, T-type tops... in shorts walkers and capri pants, other separates and a host of casuals.

So-Wearable Woolens

The wonderful world of wool is fabulously-lightweight, colorful and dramatic in suits and coats for spring.

In coats there are the lightest of fleeces... tweeds of airy wools or blended with silks... homespun, hopsacking and basketweaves... the "yummyest" cashmeres, vicunas and camelhair, lots of sheer wools and other wonderful woolen novelties.

Sophisticated Suitings

Speaking of fabrics and speaking of suits... here, silk links the two together. Whether used alone, or to blend with woolens, silk is the important textural note in suits.

Small checks, herringbones and plaids are spun into the suit story. Pure wool flannels, dacron-worsted blends, wool jerseys and the sheerest of woolens come to the fore for spring suitings.

So — no matter what silhouette you may choose to be your very own this season, lovely fabric will weave its magic, enhanced by smartest-ever color.

New Coiffure, Special Accessories Compliment 58's Chemise Fashions

Fashion experts say the chemise is tops this spring and have given a few tips on the most flattering accessories.

Chokers and pearls wound around the neck won't do. The new chemise dresses are shown with long ropes of beads. One way to use a hip-length crystal necklace is to lift the lowest bead to the left shoulder and fix it there with a glittering pin. The long rope necklaces are also attractive when knotted.

Accessories should be kept simple in line to compliment the chemise style. A classically simple over-sized satchel is perfect with this season's dresses.

The ribboned coiffure has a softening influence on the chemise silhouette. It features a modified

bouffant shape with the line flowing softly back from the crown and molded across the forehead and around the face.

The new length is just a trifle longer than last season and rolled at the nape. Ribboned hair-bands are placed just above the hair line.

Seasons Hats 'Upswept Look' Is Young Look

The "Upswept Look" is being featured in hats this season and making fashion headlines. They give a youthful and lighthearted feeling and appearance that you'll find irresistible, whether you are under or over twenty-one.

Upswept lines are featured in both brims and crowns. Skyward-sweeping brims are rolled up all-round, breton-fashion, turned up at the back or dramatically arched over the brow in vaulted curves.

Crowns climb tall as a steeple or lift gently to give "air-space" between hair and hat. To emphasize this young, upward movement, most hats are worn off the face or cut away above the brow to reveal an inch or more of hair line.

Turbans, wound in smooth folds, upward and back, are making fashion news. They will be shown in boldly-patterned silks and cottons or formally pleated and shirred delicate chiffons and silk organzas. Head-covering turbans of ruffled veiling, flower petals or high-piled blossoms are upswept in tall, cone-shapes for festive wear.

Spring Gloves Provide Blaze Of New Color

The spring leather glove for 1958 will provide a blaze of color in tropical hue or in the fresh spectator look of red, white and blue tri-colors.

Pale, off-shades will harmonize with the blaze of color predicted for handbags... in bone, oyster, willow and almond tones.

Softness and washability too, are stressed for spring.

Brilliant blues and tropical reds are the top "bright" shades.

Soft, subdued tints will express the beige tones in such neutrals as "bone," "flax," taupe, malacca, "blonde mocha" and "burned toast."

To All Lengths

With such color variations, classic styles with button closing and elastic shirring in shortie fitted styles are offered, while flared cuff treatment is new looking in the more styled gloves.

Discreet touches of rows of pearl buttons, twin bows and embroidery provide detail interest with ceramic motifs and pearl jewel-set buttons for eye-catching appeal.

Longer lengths are classic, and range up to the 16-button length.

Colors Are Lighter

Cool, Light Fabrics Slim Lines For Men

Lighter - than - ever with greater - than - ever comfort - this is the story of male apparel for the longer days and balmy breezes of spring and summer.

It is a story, reports the American Institute of Men's and Boys' Wear, that does credit to the scientists and designers of the male apparel world.

The fiber and fabric scientists, working with combinations of natural and test-tube fibers, have created modern tropical-weight fabrics only a third of the weight of some of those just a few years back without sacrificing wearing quality, durability or good looks.

Thanks to the designers, there's more than practical hot-weather comfort built into this season's clothes. For males of all ages, there's also new trimness and neatness of appearance.

Suits Are Slimmed

In suits, lines are slimmer, and this is especially evident in trousers. The dominant suit coat style

is the three-button single-breasted type... some in Ivy League models but chiefly on modified versions of this one-time campus exclusive.

Look for shades of gray, tan, blue-gray... this last one really on the rise now... to lead the spring-summer color parade, with navy blue continuing to come on strong in its comeback.

New Sportswear Themes

Partisans of bold sportswear and those who favor more conservative outfits will each find the right styles to suit every leisure activity... informal, relaxed and the most comfortable ever.

Sportswear takes to light-weight knitted apparel... both in sweaters and shirts. Cardigan and pull-over styles are available in light-weight yarns and can be worn casually, comfortably and handsomely now, and practically all summer long.

Neat Look Shirts

Nearly all shirts now boast collars that are firm and neat. Most new shirts have button-down collars or stays... tabs or pin fasteners are revivals that are becoming particularly popular.

Hats Travel Easy

Low crowns and narrow brims are the substance of the hat story, except for one important feature... the traveling man can now take with him an extra hat that can be rolled up neatly and packed in a suitcase, and... out again ready for wear. These hats are newly, smartly light in weight!

Light pastel shades brighter this season than last, accent new neckwear. Designs are restrained abstract motifs and inspirations.

Washability Keynoted

The popularity of wash-wear garments continues on! Some new wash-wear suits emerge from the washer-dryer ready to wear... no ironing needed. This is also true of many sportswear items... jackets, ties and even hats.

So, it's "Dress Right Time" for men and boys this spring and summer, thanks to the practical comfort and neat good looks of the new season's clothes.

Shoes To Feature Pointed Toe, New Heel, Gay Colors

Not only the new dress and hat styles are making news in the fashion world this spring. Shoe manufacturers have made some important changes influenced by the chemist.

To balance the shortened skirts, heels have also been shortened, one inch to one and three quarter inches high is the new popular heel height. Incidentally, this should mean more walking comfort for you.

Shoes are also being shown in the tapered toes. The "typical American" foot is long and narrow which is the effect achieved by the tapered toe and longer vamp.

Another important shoe note for this season is color. Gay shades of red and orange and multi-colored flower-printed fabrics have been used to brighten this seasons foot.

With so much attention on footwear here are some hints to keep both shoes and feet happy:

Vary your shoes from day to day to give foot and leg muscles proper exercise and to prolong the life of your shoes.

See the shoe repairman regularly and have lifts and soles replaced before they are badly worn.

Use shoe trees.

Check the insides of your shoes for nail heads or breaks in lining.

Bermuda Queen

PRETTY Ruth Gissy of St. Louis, Mo., will reign as Queen of the Bermuda Floral Pageant (Apr. 24). The blond Manhattanville College, Purchase, N. Y. co-ed is shown appropriately enshrined in a field of Easter lilies in the mid-Atlantic resort. The annual Bermuda Floral Pageant features huge lily-decorated floats in a grand musical parade through the quaint capital city of Hamilton.

Necklines Are Dramatized With Scarfs

Spring and gay scarves always seem to go together in a mood of happy harmony.

This season too, there are many, many fresh colors and new design treatments to spark new silk squares and ascots.

Fruit prints, paisley and large florals are the fashion leaders in brilliant-hued silk squares.

Dots... from dainty to dramatic... come to the fore on white grounds or on color. Abstracts, spaced geometrics and stripes continue to hold their own in spring's newest hues of sea sand and surf.

Softest crepes, silk chiffons, crisp foulards and twill, and whisper-weight satins are the fabrics shaping the scarves of the season.

Perennial Favorite Navy Blue Sails Into Spring Fashion Scene

Navy, the perennial spring favorite, sails importantly into the new season.

Often sparked by white, frequently pointing up red with white, navy shows up in easy-waisted chemises, overblouse outfits, dress with jacket costumes and casual spectator dresses.

Silks - shantung, silk linens, sheer-weight wools, breeze-weight jerseys. Dacron-worsted blends and silk broadcloths are the fabrics that particularly take to navy.

And The Look Of The Navy

The crisp accents of the nautical influence is on deck everywhere. Sailor collars, sailor ties, blazing whites with accents of navy or red or both; abbreviated mess jackets; middy trims of braid and other Navy inspirations.

The nautical term "Cumshaw" comes from the Chinese seaman's plea for alms, "Cum-a-shaw". With Navy men, the word has come to be synonymous with graft or rake-off.

TELEPHONE TALK

Meet Mrs. Rentchler
The lady pictured here is Mrs. Ennis Rentchler, Service Representative in the local business office. Mrs. Rentchler has been with the Telephone Company over 33 years and has been absent from duty only a very few days of her many years of employment. She started work here in Cameron on August 2, 1924 and has held various positions with the Telephone Company including Chief Operator at Lampasas, Chief Operator at Camp Hood when the camp was first activated, she served as clerk to the District Plant Superintendent at Austin, then back to Cameron where she was employed in the Traffic Department. In July 1956 she transferred to the Commercial Department as Service Representative. When Mrs. Rentchler is not at the office she is kept busy with her home responsibilities. She is a member of the Church of Christ and a member of the Telephone Pioneers of America. Her main hobby is cooking.

NEED PRIVACY?

Have you ever wished you could have a little more privacy on some of your telephone calls? Well, there's an easy way to solve your problem. Put an extension phone in your bedroom or kitchen.

You'll have privacy on your calls and you'll find extension phones are convenient, too. No more running from one end of the house to the other to answer the phone, only to find the caller has hung up. You'll be surprised at the number of steps conveniently located phones can save you in a day.

And an added touch for the housewife with good tastes... a phone in color. We now have phones in nine bright colors plus black to blend or contrast with any colors in your home.

Extension phones are low cost, too. Here in Cameron an extension costs you only \$1.00 a month plus a small, onetime installation charge. Just call the business office and pick your extension telephone in color today.

ONE-THIRD OFF

No, we're not having a sale "for a limited time only". It's an everyday offer to save you one-third of the cost when you call Long Distance station-to-station.

Long Distance charges for station-to-station calls are about one-third lower than for person-to-person service.

Here's a sample: A person-to-person call from Cameron to Houston costs \$1.20. It's only .75c when you call station-to-station. You save 45c. It's like getting one call FREE for every two you pay for. So, why not plan now to make all your Long Distance calls station-to-station?

Call by number. It's twice as fast.

Francis Cox Gives Three Arts Program

Francis Cox was guest speaker for the Three Arts Club when they met at the home of Mrs. H. H. Stedman Thursday.

Mrs. Dana Monroe was hostess and Mrs. Niley J. Smith, co-hostess.

Cox, band director in the Cameron Independent Schools, was introduced by Mrs. Smith. He directed nine of his band students in four selections. All nine of the students played instruments in the clarinet family.

Following the musical presentation Cox gave Club members a brief history of bands. He pointed out that school bands have taken the place of municipal bands and as a result of this communities such as Cameron were missing the once popular Sunday afternoon band concerts.

Cox stressed that the school band could do only part of the job in the city and expressed a hope that adult community bands would be formed again.

Following the program refreshments were served from a table centered with an arrangement of pink stock. Mrs. George Bowman and Mrs. John A. Smith assisted in serving coffee and chocolate ice box pie.

Mrs. Currie Named Chapter DAR Regent At Recent Meeting

Mrs. D. E. Currie of Lott will serve as regent of the Sarah McCalla Chapter, Daughters of the American Revolution, during 1958-59.

Officers for the ensuing club year were announced at a recent meeting in the home of Mrs. Ted Ryan, Rockdale.

Other officers are Mrs. J. C. Freeman, vice-regent; Mrs. James H. Kahler, recording secretary; Mrs. Giles McDermott, corresponding secretary; Mrs. H. T. Coulter, historian; Mrs. Henry Hefley, registrar; Miss Aetna Smith, chaplain, and Mrs. John Henderson, librarian.

The program was presented by Mrs. Coulter who read a paper on "Americanism."

Mrs. Ryan was assisted in serving by Mrs. Coulter.

Mrs. R. E. Smith was a guest of the group.

Two Birthday Parties For Raymond Green

Raymond Craddock Green celebrated his fifth birthday March 6th with two parties.

He was honored in the morning with a birthday cake at Mrs. Hubert's Kindergarten. In the afternoon he was guest of honor at a party given by his mother, Mrs. Raymond Green, assisted by Mrs. R. B. Craddock and Mrs. R. A. Swaney.

Eight friends enjoyed records and games. Ice cream, a cowboy birthday cake and juice were served and each child received favors of gum, balloons and a jar of bubble water.

EGG PRICES RISE

With continued large consumer incomes and about a five percent reduction in per capita egg supplies, egg prices to farmers in 1958 are likely to increase and the rise will be most pronounced during the first eight months of the year, says F. Z. Beanblossom, extension poultry marketing specialist.

Total pinfall for Cameron was 2153 to Bryan's 1941 pins. The Cameron's best team game was 725 with Bryan's best at 712.

High individual score went to Andy Ruffino of Bryan with a 213 game followed by Charles Hollas of Cameron at 199.

Three games series high man was Charles Hollas with a 530 series.

Cameron team members are Ray Tepera, Lee Hollas, John Tepera, and James Hollas.

Black 'n White Right All Day, Is Dramatic In After 5 Fashions

In a season where dramatic accents of color blaze across the scene, quieter reflections in black and white join to cast their patterns under the sun.

Black and white combinations long have had the "city look" in crisp cottons for day and date time wear. This year, there's smart punctuation of this black and white team, in day wear for the office, marketing, just relaxing, leisure time activities, for getting into the swim... and for after-5 wear.

In one-piece dresses play-suits, coats, suits, swimsuits and a wide assortment of sun casuals and handsome ensembles white on black patterns or black on white... or black tops over white "bottoms," and vice versa... will lend quiet elegance to spring-into-summer wearables.

From early morning 'til night, these flattering color twosomes, point up the glow of tanned skins and go forth coolly on the hottest of days.

30 Teams To Enter Cameron Relays

About thirty Central Texas high school track teams will compete in the annual Cameron Relays March 22 at Yoe Field.

Preliminaries will begin at 10:15 a.m. and finals that evening at 7. Track Coach Murphy Webster told The Herald. Admission will be 25 and 50 cents for students and adults at the final session.

Trophies will go to the winning school, mile-relay champion and high point individual, Webster said. Individual medals will go to top four winners in each event.

Supt. Wiley Loughmiller said the athletes will be fed in the school cafeteria during the day.

Taxpayers May Deduct Losses From '57 Storms

Milam County taxpayers suffering casualty losses from tornadoes, floods and other disasters during 1957 may deduct their losses on their federal tax returns for that year, A. P. Andrews, Administrative Officer of Internal Revenue Service, Temple, said this week.

Amount of loss to be deducted is measured by the fair market value of the property just before the casualty, less its fair market value immediately after the casualty (but not more than the adjusted basis of the property) reduced by any insurance or compensation received.

The term "casualty" means an identifiable event of a sudden, unexpected or unusual nature. Generally, this means that the loss must result from a sudden destructive force, Andrews said. "Damage from a normal process, or from progressive deterioration of property through a steadily operating cause... such as the steady weakening of a foundation from usual weather elements... is not a casualty loss," he pointed out.

Guests in the home of Mr. and Mrs. Fritz Senkel recently in honor of Mrs. Senkel's birthday were: Mr. and Mrs. Albert Drozd of Houston, Mrs. Howard Beale, Seminole, the Henry Skalas, Leo Bacas, Lawrence Pinkerts and T. J. Meiers of Temple, Mr. and Mrs. Anton Reinders of Ben Arnold, Mr. and Mrs. Robert Meier and the Johnnie Holicks, Waco. The John Meiers of Eddy, Miss Johnnie Mae Meier of Dallas and the Charlie Herzogs of Lott.

Mrs. Gurecky Wins 42 Club High Score

The 42 Leisure Club met Thursday in the home of Mrs. Henry McLane, Mrs. Jim Crouch was a guest of the group.

Mrs. A. K. Gurecky won high score and Mrs. Leo Stecker second high. Mrs. Leo Laake won the 84 prize.

Refreshments of cheese cake, coffee and tea were served. The next meeting will be at the Magolia House March 27 with Mrs. Tony Vogelsang, hostess.

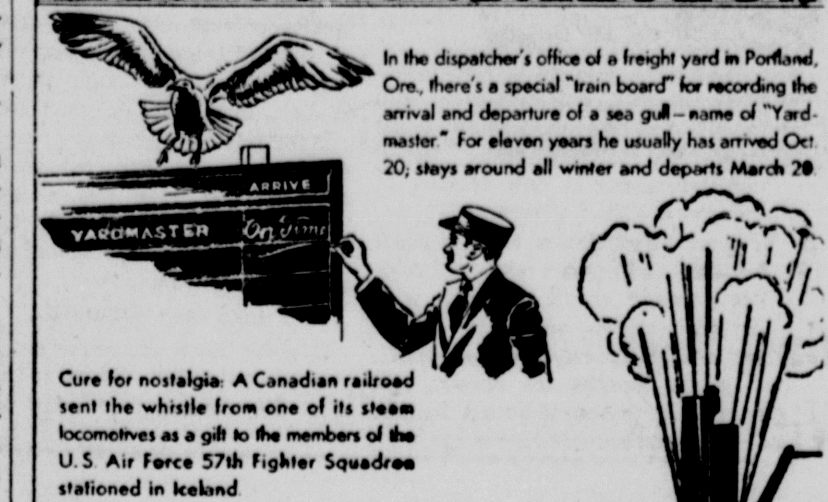

Bake Sale Saturday

The Hoyte Home Demonstration Club will be selling home-made cakes and pies Saturday morning in Cameron.

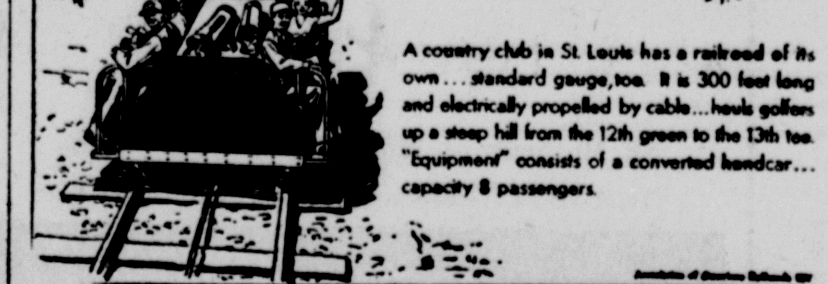

The bake sale will begin at 9 a.m. in front of Capertons Variety Store.

4-Hers Salute Parents
Texas' 111,500 4-H club members have passed the midway point in their observance of 4-H Club Week. This year they have given a special salute to their parents. Boys and girls interested in becoming 4-H members should check with a member, leader or county extension agent for details on how they may enroll.

Lankford Joins SWTSC Track In Final Year

SAN MARCOS—Eddy Lankford, son of Mr. and Mrs. N. L. Caperton of Cameron, is a member of the 25-man track squad that will compete for Southwest Texas State College this spring.

The 25-year-old senior graduated from Yoe High School in 1952, lettering four years in track for the Yoemen.

He placed in numerous meets in high school, running the 100-yard dash, 220-yard dash, and the 180-yard low hurdles. Lankford placed fifth in state in the 100-yard dash in 1952.

He set records in the 440-yard dash in 1951 (52.8), the 100-yard dash in 1952 (10.1), the 180-yard low hurdles (21.8) and the 220-yard dash in 1952 (23.1). The Yoemen were conference champions in '50, '51 and '52.

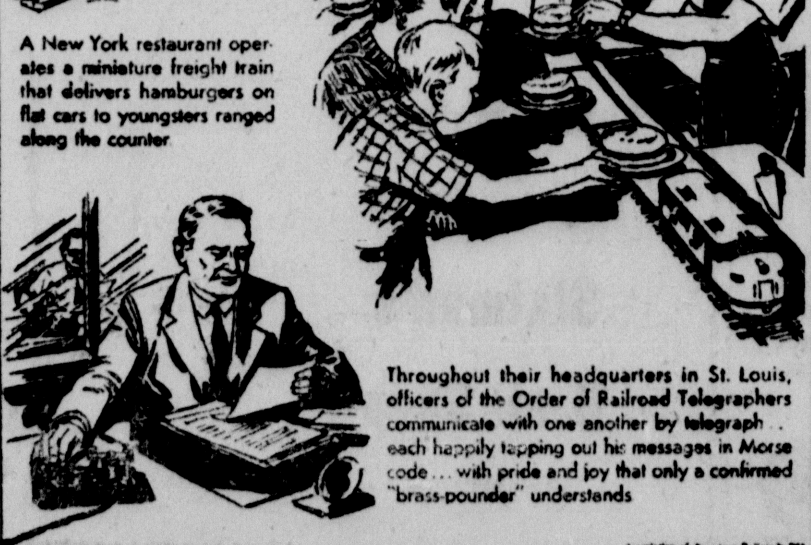

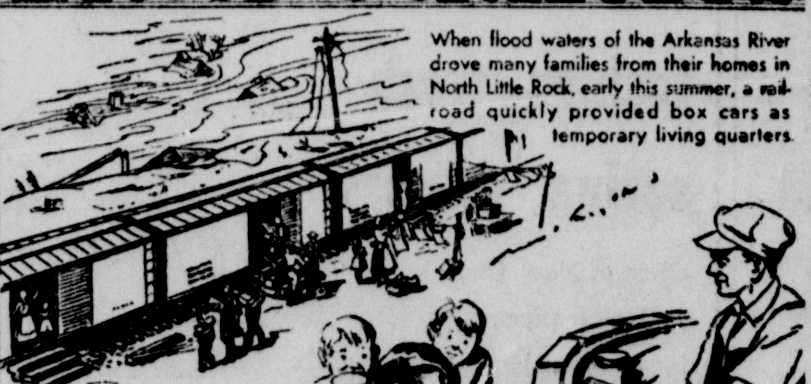

Lankford served in the Army in 1954-55, participating in track there.

Lankford has lettered at SWT the past two years, winning the 440-yard dash in the All-College Meet last year with a time of 51.2.

The physical education major was a star on the Bobcat football team last fall, starting at right halfback. He was the team's third leading rusher... first in yards per carry.

Lankford, who aspires to coach, is married to the former Lynn Gless of Edna.

HANDSOME CHEMISE

Red, white, and blue are handsomely combined in this straight chemise by Pauline Rigera. Fabric is Galey and Lord's cotton.

8 Year Olds Must Register With Local Board

Local Draft board officials have received information on several young men in the county who are suspected of evading registration. Any young man who has failed to register within the five days after his 18th birthday, as required by Selective Service Law, but reports immediately to a registrar will not be penalized for late registration. However, continued failure to comply means that he will be reported to the United States attorney for investigation and possible prosecution for willful evasion of registration.

The local board is now compiling a list which will be submitted to the United States Attorney in the near future. Therefore, any young man who has not registered to date, and is over the age of eighteen, is urged to report to a registrar at once so that his name may be removed from this list. Section 12, Universal Military Training and Service Act, as amended, provides penalties for refusal to furnish information deemed necessary in the administration of the Act, and his failure to respond will leave the local board no alternative other than to report him to the United States Attorney for appropriate action officials advised.

New Men's Shoes Have Smart Look In Style, Texture

Gentlemen, step forward! Your new spring shoes offer texture interest combinations, bold simplicity in styling, lightness and fine craftsmanship!

That men's shoe-making is a fine art is pointed up by both fashion and construction that owe their beauty and success to the influence of the fine Italian hand. Flowing lines and narrower toes are newer, with dramatic details generally shown in the handling of throat treatments, or one-strap and buckle closings.

There are a lot of moccasin toes, even on dress shoes.

Two or three eyelet closings are favored; the one eyelet closing no longer is tops!

Shoes that are correct for both town and country wear get star billing in slip-ons with plain or moccasin toes; perforations for comfort; with handsomely-stitched detail... here too, there is an over-all look of simplicity.

Leathers continue to feature texture, and a combination of leathers such as: reverse leathers with a deep plushy nap, smooth leathers, morocco grains, soft glove leather, and ayles or shantung.

In the luxury class are alligator, reptile and ostrich. These too have uncluttered lines, and show off with eyelet and tassel lacings.

Hot weather shoes feature the "cool-look" in brown, and black or blue with the all white is predicted to become a summer star! Blues from light to mid-night and navy, are the new high-fashion shade for men.

The dark horse on the fashion scene in shoes, is the squared-off toe. The men to wear these will be leading the fashion parade, and perhaps will set the pace for styles to come, in seasons ahead!

Cole On US Saratoga, Will Visit Barcelona

U. S. SIXTH FLEET (FHTNC) — Bonnie L. Cole, machinist's mate first class, USN, son of Mr. and Mrs. V. J. Cole of Route 3, Cameron, is taking part in two weeks of flight operations with NATO's Southern Europe Naval Striking and Support Forces in the Mediterranean aboard the attack aircraft carrier USS Saratoga.

Following operations the crew is scheduled to visit Barcelona, Spain, during the latter part of March.

Young Set Dresses For Fashion Parade

Dress-up fashions for the Young Miss will include yards of fluffy nylon and softest easy-to-care-for cottons.

Pastel colors, so becoming to the young set, will be high on the popularity list again this year.

Designers of childrens apparel have added lots of nylon and lace trim to spring hats and purses. Cameron merchants have a large selection of hat and bag sets that are sure to win the hearts of little girls. Half hats and roll-brimmed sailors are among the many shapes to choose from this season.

Chemise styles have influenced the "Sunday Best" shoes for small feet bringing shell pumps with T-strap in black patent leather and colors.

Young boys have not been overlooked in the whirl of spring fashions. A must for them are the attractive linen suits, and wide assortment of slacks and sport shirts being shown in Cameron stores.

Lads from under six to past sixteen wear a neat, trim "Beau Brummel" look in handsomely styled variations on men's wear themes for spring.

In spring-weight fabrics, navy is favored for Sunday dress-up in the world of young men's fashions.

He'll look natty as can be in the Easter parade in coordinates that mix or match, in blazer-type jackets with double-breasted buttoning.

Scout Troops Show High Interest As Leaders Direct Weekly Meetings

By Mrs. Florence Spiegel
Twenty-two members of the Brownie scouts met with their leader, Mrs. Wilbur Beckhausen, at the Sharp school Tuesday afternoon.

They worked on their Easter baskets. Mrs. Beckhausen was assisted by co-leaders, Mrs. Leroy Laffere and Mrs. Raymond Richter.

Refreshments were served. Mrs. E. B. Baggett is leader for the girls Scout Troop with Mrs. Emory Brokenbush as co-leader. The scouts met Tuesday afternoon at the Sharp school with 10 members present.

The girls are planning their Easter baskets. The leaders directed several games and served refreshments.

Cub Scouts Meet
Mrs. L. L. Worley met with Cub Scout Pack 123 in the Veterans Building Tuesday afternoon. The boys are doing soap carving.

Mr. and Mrs. Leslie Laffere and children of Uvalde have been visitors of their parents, Mr. and Mrs. C. F. Laffere and family.

Mr. and Mrs. Max Rinn and daughter, Miss Agnes Rinn, returned home from Houston late Thursday afternoon. They were accompanied by Mrs. Malitta Galler and son.

Miss Margaret Collum of Southwestern University, Georgetown, visited with Miss Mary Harbuz on Sunday.

Rains Soak Soil, Slow March Planting

Abundant soil moisture curtailed plowing and planting last week in county fields, according to J. D. Moore, county agent.

But oats and other small grain already planted are making good growth, he said.

Corn and grain sorghum planting was again delayed last week by wet, cold weather. He pointed out plenty of time remained to plant these crops when weather warms and rains stop.

Cotton planting won't get under way until April 1, he said, due to the cold, damp soil.

Cattle conditions remain strong. Moore pointed out that setting of tomato plants at Milano and other Milano tomato areas will begin this week.
